

Letter of Recommendation: All Phase General Contractors, Inc.

To Whom It May Concern,

I am pleased to provide this letter of recommendation for **All Phase General Contractors, Inc.** based on our firm's experience working together on the **Seffner-Mango Branch Library Project** for Hillsborough County.

Throughout the course of the project, the team at All Phase General Contractors demonstrated a high level of professionalism, technical competence, and a collaborative approach that was appreciated by our entire design team. They were proactive in their coordination efforts, responsive to project challenges, and consistently focused on achieving quality results aligned with the project's goals and public-sector requirements.

All Phase worked effectively with our office during construction, maintaining clear communication and a solutions-oriented mindset. Their understanding of the complexities associated with government projects was evident in their attention to documentation, scheduling, and compliance, which contributed to a smooth and successful project delivery.

Our team genuinely enjoyed working with All Phase General Contractors, and we would welcome the opportunity to collaborate with them again in the future. I would confidently recommend them for similar public, municipal, or grant-funded projects in the Tampa Bay Area and beyond.

Please feel free to contact me if additional information would be helpful.

Sincerely,

Aaron Banks, AIA
