To Whom it May Concern,

All Phase General Contractors, Inc. was the General Contractor on our Commercial HQ Renovation project. We started the project in Q1 of 2021 and completed the project on time by Q4 of 2021. The contract amount was \$857,462. This project consisted of an interior/exterior remodel.

The workmanship quality on the project was excellent. All our company's details and design recommendations were taken into consideration. The project from start to finish was above expectations.

Sincerely,

Brett Schneggenburger
Owner/CEO
